UOCAVA SOLUTIONS

The nation's leading remote balloting portal for our military and overseas voters. Deployed in over 160 countries and every continent.

> *After serving 39 years in the U.S. Army, I know firsthand the challenges of voting while serving abroad. That is why I am so pleased to be joining the nation's leader in secure military voting, Democracy Live.*

GENERAL ROBERT ABRAMS (RET.)
Retired U.S. Army 4-Star General

ACCESSIBLE ABSENTEE

Democracy Live's OmniBallot is a fully certified accessible remote ballot marking solution allowing voters living with disabilities to mark their ballot using their own technology at home.

> *Voters around the world have the right to equal access to participating in the democratic process and Democracy Live has gone a long way to producing technologies that helps achieve that goal.*

ELECTRONIC BALLOT RETURN

Deployed in 20% of all states, the OmniBallot Electronic Ballot Return module is a proven security upgrade to email and accessible method to electronically return ballots.

> *As a voter who happens to be blind, I was able to vote privately and independently for the first time in my life. Using Omniballot was so easy - and I am 77!*

American Council of the Blind

DID YOU KNOW?

34 states are required to offer an electronic ballot return option. With over 90% of all implementations, OmniBallot is the preferred option for election officials who choose to use a balloting portal to return ballots electronically.

BALLOT AUTO-DUPLICATION

Our ballot auto-duplication module called ReMarkable allows election officials to re-make ballots faster and more efficiently.

Saves time and resources while eliminating a manual risk in the duplication process.

CITIZENCHECK

CitizenCheck is a universal, online citizen confirmation check available to State and Local election officials.

CitizenCheck pulls from official federal and state data sources to confidently confirm U.S. citizenship status to individuals wishing to register to vote.

BALLOT CURE

OmniBallot provides a mobile ballot cure module that jurisdictions can use to capture an up-to-date signature from a voter to cure their ballot. Proven with nearly 1 million voter signatures, voters can sign using their finger, stylus or mouse to return their ballot cure form to their local elections office.

Selected by Election Officials Nationwide for the 2024 Elections Center Stewardship Award
(Presented to King County, WA)

ACCESSIBLE SAMPLE BALLOT & VOTER GUIDE

All voters, regardless of disabilities, have a right to accessible ballots and ballot information. The OmniBallot Accessible Sample Ballot and Voter Guide is the first and most deployed accessible ballot information tool in U.S. elections.

> *Democracy Live's system is a marvelous example of a universal design. It provides a valuable resource on voter information for all citizens, including those with disabilities who often lack access to this critical information about candidates and issues.*
