

DEMOCRACYLIVE

ACCESSIBLE ABSENTEE

OmniBallot Secure Select is an accessible electronic ballot delivery system certified to meet all state and federal ADA requirements

FEATURES:

□ Ballot Delivery:

- Accessible, audio-enabled ballot delivery system; securely delivering the correct ballot and ballot materials to eligible voters.

□ Compliance:

- Fully compliant with all state and federal ADA requirements for an accessible ballot marking system.

□ Voter Privacy:

- Voters with disabilities receive a secure and independent method to mark their absentee ballots without requiring assistance.

□ Compatibility:

- Compatible with all recent web browsers and all currently deployed EMS systems. Voters enjoy a fast and reactive user experience without being forced to download and install software.
